Assisted Places at St Teresa's Preparatory and Senior Schools

No parent within the catchment area of St Teresa's need feel that they cannot afford to send their daughter to study here.

In line with Charity Commission public benefit guidelines, the Heads and Governors of St Teresa's School are delighted to inform you of the financial provision for parents who might be unable to pay the fees to have their daughters educated at St Teresa's.

St Teresa's is a school with a Catholic Foundation but welcomes girls of all religious denominations and from a wide range of ability into its academically successful, caring and supportive environment.

A number of Assisted Places is now available for new girls joining classes from Year 3 in the Prep School and Years 7 to 12 in the Senior School.

All new applicants to the school are eligible to apply for these awards which are subject to a means-tested review of a family's financial circumstances. The selection and award of places will be at the sole discretion of the school.

Please note that the discounted fee applies only to the tuition fee and not the boarding fee.

For more information and details of how to apply for such places please see the following page.

Thank you.

Best wishes

Yours faithfully

What are these places?

A number of Assisted Places is now available annually for new girls joining St Teresa's. There is one place available from Year 3 in the Prep School and three from Year 7 to Year 12 in the Senior School. All girls wishing to join the Senior School in Year 7 or above will also be required to have been successful in our Entrance Examination.
